TN RECONNECT

Tennessee Reconnect is an initiative to help adults enter higher education so that they may gain new skills, advance in the workplace, and fulfill lifelong dreams of completing a degree or credential.

At Tennessee College of Applied Technology, TN Reconnect is a last dollar scholarship for Tennessee residents aged 25 to 65. This means that applicants must complete the FAFSA, and any assistance available gained from that would be used first. The maintenance fees, technology access fees and student activity fees not covered by other assistance will be covered by TN Reconnect. Reconnect does not cover the cost of special course fees, books, tools, testing fees, etc.

Reconnect may be used at any Tennessee College of Applied Technology (TCAT) across the state. Some adults may also take advantage of Reconnect funding at certain community colleges; however, there are more eligibility requirements for the community college option. TN Reconnect also focuses on adults who started a degree, but did not complete it. Contact a community advisor for more details.

To apply for Reconnect at a TCAT, you should visit the TCAT center and complete the enrollment form and the FAFSA. TCAT will automatically search for any financial assistance available. Any adult resident of the state of Tennessee that has not previously received a Reconnect Grant may apply for this scholarship.

In order to receive Reconnect funding, you must be enrolled in a full-time program. Supplemental programs are not eligible for Reconnect funds.

Find more information at www.tnreconnect.gov or contact one of our local community Reconnect advisors.

Dyersburg State Community College's(DSCC) Jimmy Naifeh Center at Tipton County is located at 3149 Highway 51 South, Covington, Tennessee. You may contact them by calling 901-475-3100.

DSCC focuses on student learning and offers high quality academic programs that allow you to complete your first two years of college coursework at about one-half the cost of attending a public four-year institution.

DSCC also offers career programs that provide the education you need to enter the job market or upgrade your current skills. In addition, DSCC offers several certificate programs that prepare students for specific, high-demand occupations.

The academic program focus areas are as follows:

- Business
- Communications/Fine Arts/Humanities
- Education
- General Studies
- Health Science
- Social/Behavioral Sciences
- Science, Technology, Engineering, and Math (STEM)

This includes the Advanced Integrated Industrial Technology(AIIT) program.

DSCC also offers continuing education and workforce development classes to individuals wishing to obtain beneficial skills in a short amount of time and businesses interested in increasing their employee's current skillsets.

Students seeking assistance with financial aid can contact a One Stop Center located at any DSCC location. High School seniors can apply for the TN Promise (www.tnpromise.gov) scholarship to take advantage of 2 years of free tuition at DSCC. Adult students wishing to complete or earn their degree or certificate may qualify for free tuition through the TN Reconnect initiative. More information can be found at www.tnreconnect.gov.

NATIONAL CAREER READINESS CERTIFICATE (NCRC)[®]

The NCRC is a nationally recognized credential you can achieve by taking the ACT (NCRC)[®] assessment test. This assessment is given at the Career Center. Anyone who would like to take the assessment may call 901-476-5570 for more details.

Applicants will take the assessment in three categories- Applied Mathematics, Locating Information, and Reading for Information. They can score either a bronze, silver, gold, or platinum level certificate. Employers nationwide recognize this credential. Many employers profile their jobs to determine which level is needed to be a good candidate for certain jobs. Some of our local employers require a certain level on the NCRC and others give preference to applicants who have taken the NCRC.

This is a great credential to include on a resume. At the current time, the Career Center is able to give the assessment at no cost to the applicant. They will ask that you take a pretest to determine if you need any training before taking the actual assessment. This is to ensure each applicant scores to the best of their ability.

TIPTON COUNTY LIBRARY
